

## 2,589 Enroll First Day in Local Schools

Enrollment in Hope District 1-A schools is about the same as last year. There was a little drop in the Negro enrollment but this was offset by an increase in white school enrollment, according to Supt. James H. Jones.

The first day enrollment in all schools was 2,589. This should pick up some, according to Mr. Jones.

Hope Junior and Senior High schools had a combined 778 while the white grade schools enrolled 726, a total of 1,504 white students.

Yerger Junior and Senior High schools enrolled 504 while the combined elementary schools were 581. Thus the enrollment for all Negro schools was 1,085.

## Rain Strikes Areas in N. Arkansas

By THE ASSOCIATED PRESS

Scattered thundershowers broke over northwest Arkansas this morning, but were decreasing in intensity as they moved northeast into Missouri.

The showers were expected to build up again this afternoon in the same area.

A stable weather pattern continued over the state and the Weather Bureau said little change was expected through Thursday.

Highs of 88-96 were predicted for this afternoon and lows of 65-75 were expected tonight. The readings have been the same for the past two days, although Batesville had an overnight low of 59 degrees this morning.

Radar picked up some shower activity late afternoon Tuesday, measurable amount was 38-hundredths of an inch at Harrison.

Temperatures during the next five days were expected to average two to four degrees above normal with only minor day-to-day changes. Normal highs range from the mid 80s north to the upper 80s south, normal lows from near 60 north to the mid 60s south.

Widely scattered showers during the five-day period were expected to produce about a quarter of an inch of rainfall.

## Back Injury Proves Fatal

LITTLE ROCK (AP) — Arthur McClure, 19, of Little Rock, was fatally injured today when a truck backed over him as he was helping unload trash on the bank of Fourche Creek south of Little Rock, Deputy Sheriff Jack Branch said.

Branch said the truck was driven by Bennie Cuck, 50, of Little Rock.

## Hundreds of Young Married Men Saved by Bell But Many More Weren't So Fortunate

By THE ASSOCIATED PRESS

Hundreds of young married men facing two years of Army life found themselves Tuesday in a situation similar to that of the prize fighter saved by the bell. In this case, it was a wedding bell.

The bell ringer was President Kennedy. He issued an executive order temporarily halting the draft of married men.

Many men were only minutes away from induction when the order came through.

Some greeted the news with signs of relief. Others saw problems.

And some, like three of eight married inductees at Atlanta, decided to go into the Army anyway.

One of the three, Thomas Byers, 23, of Rome, Ga., explained: "My friends threw me a big going-away party—I'd be ashamed to go back now. Besides I sold my new car."

Among the Atlanta inductees who chose civilian life, Earl G. Wheeler, 23, of Trenton, Ga., said: "It took me about as long to decide to go home as it did for them to ask the question."

Kennedy ordered that married men be inducted only after all acceptable single men in the 19-25 age group had been drafted.

When Fred M. Fletcher got the news at a Seattle induction center the 23-year-old bridegroom of five months "just started running."

"I actually ran out the door," Fletcher said, and kept running for about four blocks "before I happened to think it was a long way home to Bothell."

A Washington State community about 10 miles from Seattle.

But another inductee, Daniel Robinson of Grapevine, Wash., wasn't as lucky. He's single. "I'm madder than heck about this," he said. "I'm practically engaged to a girl. If I'd known about this (presidential order) why we'd have sped things up a little."

Jerry E. Doughman, 22, of Council Bluffs, Iowa, also had problems. He had given up his home, stored his furniture and quit his railroad job.

Charles Ray Morgan, 23, of Moss Point, Miss., was pulled from an induction line at Jackson, Miss., just 45 minutes after the presidential order went into effect.

A sergeant stepped up to him just as Morgan was about to be sworn in and said, "You don't go. You're married."

If he had raised his hand and taken the oath, he would have been Pvt. Morgan.

"Where will I live?" Morgan said. "That's saved by the bell, isn't it?"

## Heavy Fighting Breaks Out in Viet Nam Area

By MALCOLM W. BROWNE  
Associated Press Staff Writer

CAI NUOC, South Viet Nam (AP) — Massive Communist guerrilla forces launched coordinated attacks on government towns widely scattered over Viet Nam's southern tip Tuesday and set off the bloodiest fighting in the area.

## Jr. Auxiliary Adds Colony to Projects

The Hope Junior Auxiliary has adopted as one of its projects for the year the sponsorship of a needy child at the Arkansas Children's Colony in Conway.

Under this program, a fund is set up at the Colony in the child's name. It will provide for small items that the child may need, pay for a weekly treat at the store, and pay for entertainment away from the Colony, such as a trip to the circus or a special show. In addition, the child will be remembered on birthdays and other special occasions and will be provided with clothing when needed.

Other projects which the Auxiliary has scheduled are visits to the local rest homes, the audio-visual testing program which will begin in October, and providing clothes for needy children in the Hope schools.

Funds to carry out these projects are derived from the sale of clothing and household items at the Junior Auxiliary Thrift Shop which is located in the 100 block of Walnut Street. Anyone having clothing or household items which they would like to contribute to the Thrift Shop may call Mrs. Lloyd Guerin or Mrs. Jud Martin-dale or they may bring items to the Thrift Shop on Saturdays between the hours of 9 and 5.

## Another Writing Congressman

WASHINGTON (AP)—Rep. Joe L. Evans, D-Tenn., is the latest member of Congress to become an author. He recently sent a copy of his book — "Understanding Congress" — to President Kennedy.

Back came this reply: "Your book will be required reading at the White House."

## Likely We'll See \$3 Haircut Quicker Than a Return to That Good Five Cent Cigar

By HAL BOYLE

NEW YORK (AP) — Some 50 years ago Thomas Riley Marshall made the most memorable remark ever to issue from the lips of a vice president of the United States.

"What this country needs is a good five-cent cigar," he said, learnedly.

Applause rang from one end of the nation to another. No American statesman ever had stated an economic fact more clearly. Half a century after he made his observation, it remains as true as ever.

No such applause, however, is likely to greet a landmark remark made this week by Vincent Pace, candidate for the presidency of the International Barbers Union.

What Pace said was, in effect, that what this country needs — "if the barber is every going to make a decent wage" — is a good \$3 haircut. Or maybe even a \$3.50 haircut.

Dismal though the prospect may be to the average pocket-book, it is likely that we will see the \$3 haircut far sooner than we will the return of the five-cent stogie, a dream that has died in all but the stoutest hearts.

A shudder runs through the memories of all lovers of "the good old days" at the more thought of tucking over \$3 or

## Hypnotist Can't Cure Hiccups

ATLANTA (AP) — A hypnotist says he has given up on curing Lucy McDonald, who has been hiccupping for 65 days.

He told Mrs. McDonald, 38, that her will was too strong and he could not hypnotize her "at the present."

"But I can't wait," said the red-haired soda fountain waitress, who has to work 10 hours a day to support three school-age children.

Desperate for relief, Mrs. McDonald already had tried surgery, shock therapy, more than 200 home remedies, chiropractic treatment and prayer.

## Treaty Doesn't Limit Authority to Use Bomb

WASHINGTON (AP)—President Kennedy told the Senate today that the limited nuclear test ban treaty in no way limits his authority to use nuclear weapons for the defense of the United States or its allies.

In a letter, Kennedy also gave "unqualified and unequivocal assurances" that the safeguards urged by the military Joint Chiefs of Staff would be fully carried out.

The President's letter was addressed to Sens. Mike Mansfield of Montana, the Senate Democratic leader, and Everett M. Dirksen of Illinois, the Republican leader.

Kennedy wrote he trusted his assurances would be "helpful in dispelling any concern or misgivings which any member of the Senate or citizen may have as to our determination to maintain the interests and security of the United States."

"It is not only safe but necessary, in the interest of this country and the interest of mankind, that this treaty should now be approved, and the hope for peace which it offers firmly sustained, by the Senate of the United States," Kennedy wrote.

Dirksen made public the President's letter in advance of delivering a prepared speech in which he said the letter fully assures "a program that will keep us strong in the nuclear field and give us the requisite strength to meet any challenge to our security and our vital interest."

The decision that Dirksen, rather than Mansfield, should make the letter public was intended to emphasize the bipartisan character of backing for the treaty.

Among the assurances given by the President were these:

- "Underground nuclear testing, which is permitted by the treaty, will be vigorously and diligently carried forward, and the equipment, facilities, personnel, and funds necessary for that purpose will be provided."
- "The United States will maintain a posture of readiness to resume testing in the environments prohibited by the present treaty and it will take all the necessary steps to safeguard our national security in the event that there should be an abrogation or violation of any treaty provision. In particular, the United States retains the right to resume atmospheric testing forthwith if the Soviet Union should conduct tests in violation of the treaty."
- "Our facilities for the detection of possible violations of this treaty will be expanded and improved as required to increase

## Thinks Aid Would Help Latins More

WASHINGTON (AP)—Joseph S. Farland, resigning as ambassador to Panama, said today U.S. aid to Latin America would accomplish more if applied with greater concern for individual dignity and less for bureaucratic planning.

In an interview, Farland cited red tape, a lack of competent aid administration, excessive control from Washington and unduly grandiose planning among aid deficiencies he said he found in three years as U.S. envoy to Panama.

A spokesman for the Agency for International Development, which administers aid to Latin America through the Alliance for Progress program, disputed Farland's statements. He said no Panamanian aid project was undertaken "which did not have the complete and full approval of the ambassador."

Farland, 49, a Clarksburg, W. Va., native who terms himself "a liberal Republican," first entered diplomatic service as an Eisenhower administration appointee. He resigned Aug. 2 amid differences with the Kennedy administration although he said they were not major policy differences.

## Wanted List Had to Be Revised

CHICAGO (AP)—Police officials last week sent out a list of 143 men they said were top local criminals or their associates.

The idea was for each Chicago patrolman to become just as aware of crime syndicate hoodlums as his superiors.

The list was cut to 142 Tuesday. Patrolman Nardo Guerrero, who directs traffic not far from police headquarters, found his own name on the list. It was hastily removed with apologies.

## Engineer Is Awarded Damages

LITTLE ROCK (AP) — Baldy Vinson, an engineer for the state Highway Department, was awarded \$44,918 damages Tuesday by a Pulaski Circuit Court jury for 10 acres of land the department took as right of way for the proposed new Pine Bluff highway.

The department deposited \$2,400 in the court registry to compensate Vinson. Three witnesses called by Vinson valued the property at \$46,000, \$44,900 and \$70,000.

Vinson maintained there was a rich deposit of bauxite in the remaining lands of his 47-acre tract which could not be mined now because it would be too near the new highway. R. B. McElwaine, a geologist, said the deposit contained about 72,000 tons of bauxite ore.

## Less Spending Likely If Tax Slash Passes

WASHINGTON (AP)—Congress will be on record as urging the President to pledge "all reasonable means to restrain government spending" if it passes the \$11-billion tax cut bill in its present form.

The administration also would be on notice that Congress expects any increased revenue to be used first to eliminate budget deficits and to reduce the public debt.

The majority of the House Ways and Means Committee wrote this language into the bill Tuesday after the close defeat of a Republican move to tie part of the tax cut directly to a limitation on spending.

Republicans, however, will renew the effort to force spending cuts at every legislative opportunity, and they count on the support to some fiscally conservative Democrats.

In addition to the drive to tie in spending limitations — which President Kennedy said would dilute the business stimulating potential of the tax cut — the legislation faces delay.

The administration is redoubling efforts to have Congress finish action on the tax cut this year, so that withholding rates can be reduced Jan. 1, leaving more spending money in pay envelopes.

As the bill is written, two-thirds of the individual tax cuts, eventually amounting to about \$100 to \$200 a year for most wage-earning and salaried families would be effective Jan. 1. The remaining cut would come a year later.

## Goodman Named by Phone Group

HOT SPRINGS, Ark. (AP) — Austin Goodman of Elaine was elected president of the Arkansas Telephone Association Tuesday at the conclusion of the group's meeting.

R. L. Thompson of Fort Smith was elected first vice president and W. R. Trower of Perryville was elected second vice president. J. D. Garrett Jr. of Lewisville was re-elected secretary-treasurer and T. S. Lovett Jr. of Little Rock was re-elected executive secretary.

Some 250 executives and department heads from 51 companies attended the meeting.

## Mental Aid Bill Near Compromise

WASHINGTON (AP) — A broad new federal effort to ease mental health problems — aimed at ending what one congressman called the warehouse treatment of the mentally ill — headed today toward a House-Senate compromise.

The House stamped its approval Tuesday on a mental health bill with a \$238-million price tag — far below that approved by the Senate May 27.

President Kennedy originally proposed the legislation, and the \$850-million Senate version was in line with administration recommendations.

The bill calls for federal aid to spur construction of facilities for research on problems of mental retardation, and for community mental health centers to care for the mentally ill in their home towns.

The biggest single cut from the Senate version lopped off \$427 million earmarked to provide staffs for community mental health centers.

Indications were that a renewed effort to get the staff funds included in the bill would come when a House-Senate conference committee considers the measure.

## No Disorder in 2nd Day of Ala. Integration

MISS AMERICA IN NEW YORK — Donna Axum, a University of Arkansas beauty and the reigning Miss America, looks over the New York skyline from the roof of the Park Lane Hotel, right, takes a stroll down Park Ave., left.

NEW POSTAL BOSS — The newly-appointed U.S. Postmaster General, John Gronowski, right, gets some first-hand information from Madison, Wis., letter carrier Joe Ripp. The White House has confirmed the appointment of Gronowski, Wisconsin's tax commissioner, to succeed J. Edward Day, who resigned.

## NLR to Get a New Plant

NORTH LITTLE ROCK (AP) — Howard Stebbins III, vice-president of Adkins - Phelps Co., announced Tuesday that the firm will build a \$150,000 plant in the Lefavre Industrial Park east of North Little Rock.

The park, which was officially opened Tuesday, was formed by the Stebbins family out of more than 200 acres next to state Highway 30 about three miles south-east of North Little Rock, Stebbins said.

The park is near Cotton Belt Railroad tracks and the Arkansas River. Stebbins said the plant is being constructed to produce a new pesticide for Eli Lilly and Co. of Indianapolis.

The plant will be located on a five-acre tract and will employ 20 persons when it begins production Nov. 15, and employment will eventually reach 50, Stebbins said.

## French Minister to Visit U. S.

PARIS (AP) — Foreign Minister Maurice Couve de Murville will go to Washington Oct. 5 for talks with U.S. Secretary of State Dean Rusk, French officials announced today.

Subject of the talks was not disclosed.

## All Around Town

By The Star Staff

Among these becoming new American citizens in naturalization ceremonies Tuesday in Arkansas Federal Court was Mrs. Patricia Catherine Faris of Hope, Ark. . . Mrs. Faris came here from Australia in 1946 . . . she is the wife of Emmett Faris.

Remodeling of the cattle barn at Fair park is underway . . . the project will be completed in time for the annual Third District Livestock Show which is set for September 23-28.

Two Hope students are serving as guides for freshman Orientation week at Southern State College this week, according to Milton B. Talley, dean of students . . . Cynthia Harrison, daughter of Mr. and Mrs. R. M. Harrison, and Janet Roberts, daughter of the Rev. and Mrs. C. L. Roberts, are guiding groups of freshmen on tours of the college facilities and helping to inform them on college customs . . . Miss Harrison, a senior business education major has served as secretary of Tri C and is vice president of the Association of Women Students . . . Miss Roberts, a junior elementary

education major, is a member of the Concert Choir and the Town and Gown Choir.

Sheriff Jimmie Griffin again reminds that the deadline for paying both personal and real taxes and poll taxes is October 1.

The Rev. Billy Grimes has been elected secretary-treasurer of the Hope Ministerial Alliance, succeeding the Rev. Rufus Sorrells who has been moved to North Little Rock . . . the Alliance is beginning at new work in Hope hospitals . . . it will have ministers to serve as chaplains to minister and give assistance to those who may need them during their stay in the hospitals.

Going to follow the Bobcats to Morrilton Friday night . . . here is the suggested route by I. J. H. (Pod) Porterfield of the Arkansas State Police . . . take Highway 67 to Benton . . . from there take State Highway 5 to Crows, Ark. and then take State Highway No. 9 to Morrilton, a distance of 134 miles . . . both Highways 5 and 9 are newly completed black-top roads.

## No Disorder in 2nd Day of Ala. Integration

By DON MCKEE  
Associated Press Staff Writer

BIRMINGHAM, Ala. (AP) — Hundreds of white students still boycotted two schools in Alabama today, but thousands of others went to class with Negroes with no visible signs of protest.

Attendance was far below normal at West End High in Birmingham and the one formerly white school at Tuskegee, but it was nearly normal in seven other schools where racial barriers came down for the first time.

At West End, the boycott appeared to be less severe than it was Tuesday.

Unlike the scuffling which brought the arrest of nine white men at West End Tuesday on the first day of desegregated classes, no disorders were reported this morning.

Several hundred students gathered on the lawn of a home near West End after police stopped them from assembling on the football field. White pickets tried to demonstrate in front of the school, but police drove them off.

The Birmingham school board said 350 students, including two Negro girls, answered rollcall at West End. Tuesday's attendance was 575, but all except about 200 left during the day.

At Ramsay High of Graymont grammar school in Birmingham, it was about the same as Tuesday.

But at Tuskegee Public School, where 13 Negroes were registered, only a score of whites answered the rollcall out of the normal attendance of 550. Some of the absent students signed up for a newly started private school.

Murphy High School at Mobile was quiet following a mild demonstration Tuesday.

Federalized National Guardsmen at Birmingham were on a standby, ready to go on school property only if asked by city and school officials.

No major crowds congregated on the grounds of West End High, where hundreds of white pupils and some adult demonstrators created disorders Tuesday which brought nine arrests.

The two Negro pupils entered West End a half hour before class time. Police required white boys and girls to enter the building upon arrival or leave the vicinity.

About 200 white pupils massed in a yard near the school. They attempted first to congregate on the football field but police chased them away. Adult pickets who wanted to stage a march near the school were halted by police.

A caravan of cars bearing States Rights demonstrators rolled by the school but police refused to let them stop. The cars bore the usual Confederate flags and anti-Negro signs.

All was peaceful at Ramsay.

## Wilton Esters Sentenced to Five Years

Texarkana — Wilton Esters, 48, Rt. 1, Lewisville, was sentenced to five years in a federal prison Tuesday for using a pistol to assault and resist a federal officer.

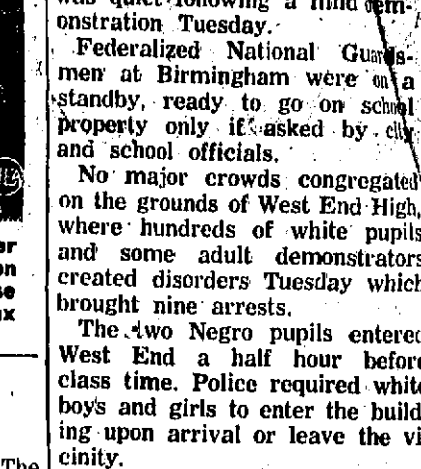

He was sentenced to two years on each of six counts charging violation of the federal liquor laws. The sentences were to run concurrently with the five year sentence.

Esters opened fire on a federal agent when officers raided a moonshine whiskey still near Lewisville last July. The agent returned the fire and Ester was wounded. He changed his plea to guilty Monday.

His son, Jerry Lee Esters, 22, pleaded guilty Monday to four counts of selling untaxed liquor and was placed on two-years probation.

William Harding, Blevins, and Luther Harold Butler, Hope Rt. 1, were placed on two-years probation for liquor law violations and Norman Don Powell, Hope, was placed on 18 months probation for liquor law violations.

## LITTLE LIZ

The most embarrassing thing in the world is watching the boss do something you said couldn't be done.

## Progress in Chicken War Is Noted

Arkansans in Washington  
By GORDON BROWN

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., is making progress in what has been described in some quarters as his "chicken war."

Actually, it's his effort to force the European Common Market to reduce the high import duties it has placed on U.S. poultry products.

In a larger sense, it's a test case to determine if the Common Market is embarking on a course of high protective duties on U.S. products.

When Fulbright some months ago started to protest the high duty on U.S. poultry products and to urge some U.S. counter action, he was criticized in some quarters as a protectionist who was acting in behalf of an Arkansas industry.

Some reports called it Fulbright's "chicken war."

What had happened was that the European Common Market had jumped the import levy on U.S. poultry from about 4 cents a pound to 13½ cents. The result was a big drop in U.S. poultry shipments to Europe, especially to West Germany and France.

It's true that poultry is an important industry in Arkansas and that Fulbright wasn't at all averse to helping a home state product. But it is also true that poultry is important in many other states.

Since this was about the first big instance of a Common Market move against a U.S. product, Fulbright said he believed a test should be made here and now. Otherwise, the pattern would be set.

So he made numerous representations to both U.S. and Common Market officials in an effort to force a lowering of the barrier.

Since he heads the Senate Foreign Relations Committee, his views have weight both here and abroad.

As a result of his prodding—and the prodding of others—the United States served notice it would retaliate against certain products of West Germany and France, chiefly the latter country.

Wines and perfumes, which come from France, were among the products mentioned.

Now the Common Market people have had some second thoughts. They have made overtures about the possibility of some compromise and have offered to trim the poultry duty 10 per cent.

While this proffered cut isn't nearly large enough in Fulbright's view—he has suggested a 50 per cent cut—it does show progress.

What the eventual result will be remains for the future.

For the present the "chicken war" is still in progress.

Rep. E. C. Gathings, D-Ark., figures that Congress is practicing economy by not being in any rush to pass this year's appropriation bills.

Normally Congress seeks to pass the various appropriation bills by July 1 of each year—the start of the new fiscal year for the government.

This year—as the result of a general slowdown—Congress has

## Telephone Folks in Convention

HOT SPRINGS, Ark. (AP)—The 36th annual convention of the Arkansas Telephone Association entered its second day today, with a talk by Ralph W. Cook, science demonstrator for Southwestern States Telephone Co., on tap.

Monday members heard R. L. Post, public relations director for the same firm, outline the program of the United States Independent Telephone Association to gain more public support for the independent telephone industry.

Post also told the 52 members that a survey showed independent companies had a 56 per cent larger growth during 1962 than the Bell company, that their plant investment was 56 per cent larger and gross revenues were 67 per cent higher.

The ATA is composed of representatives of 52 independent telephone companies.

## Beating of Negroes Under Probe

NASHVILLE, Tenn. (AP)—The FBI office here is investigating charges that about 20 white men—some armed and some masked—beat three visiting African students and their two white companions near Tuscaloosa, Ala., Sunday night.

The five were treated Monday at Vanderbilt University Hospital for cuts and bruises, then left for Akron, Ohio, after a four-hour talk with FBI agents and telephone conversations with representatives of the State Department and the Ghana Embassy.

"We have received a complaint and are investigating to see whether a federal law has been violated," said Edward T. Steele, FBI agent in charge. He declined to elaborate.

The Rev. W. P. Trout, pastor of the First United Church of Christ in Akron, Ohio, said he and the others were on a tour he had arranged when their car was blocked by other cars as they started to enter the main highway leading from Tuscaloosa to Birmingham.

The Negroes, all from Ghana, are Stephen Koli, 23, a student at Cornell University; Emmanuel Bansa, 22, who attends Lakeland College in Sheboygan, Wis.; and Roland Glover, 22 of Central Col.

passed only a couple of the major money bills.

But to take care of the various departments and agencies which otherwise would be without funds, Congress enacts each month a continuing resolution.

This action enables the government departments and agencies to spend at the monthly rate of a year ago. In other words, they can spend no more each month than a twelfth of last year's appropriations.

Theoretically, if this situation continued until next June, government spending for the present fiscal year would be at the same level as for the past year.

Since more than two months of the year has elapsed already, Gathings figures there are bound to be some economies in spending as compared with the budget requests. And there is no indication that many of the appropriation bills will be enacted for another two or three months.

So, Gathings figures that Congress has been economizing by being in no rush.

## Silver Cost Up on Open Market

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—The price of silver on the open market in New York has risen to the official U.S. Treasury level of \$1.293 an ounce.

There is less than an ounce of that metal in the silver dollar. And until now the dollar could buy more than could the metal in it if melted down.

The cost of getting the silver into a form fabricators can use makes it still unprofitable to melt down silver dollars.

Strong world demand for silver has forced the price up in recent months. In London Monday, the price rose to a new high of \$1.299 an ounce.

The cost of getting the silver from New York to London makes it unlikely that any metal in the U.S. market will be exported just now. And industrial demand here is strong.

Silver dealers say that the large supply held by the U.S. Treasury, some 1.7 billion ounces, should keep the market price from going appreciably higher.

Part of the U.S. official hoard is used as backing for \$1 bills, although this will gradually be freed. Part of it is being used by U.S. months to turn out much-needed silver coins, of which there is a shortage due to an expanding economy and increased use of vending machines and turnstiles.

But the supply that American silver users could tap at the new high price is so large that dealers are betting that a price ceiling has been reached here, at least for a time.

Foreign buyers, however, are so anxious to get more of the metal that Handy & Harman, New York fabricator and refiner, reports that some are paying premiums over the \$1.293 price reached here Monday.

World consumption has been running well above mine output. Demand for silver coins has increased in many other nations also.

Prosperity in this and other lands has boosted sales of household and other objects made of silver. But above all, the big upward push has come from industry, especially electronics and makers of space age devices.

U of A Hall Opens

FAYETTEVILLE, Ark. (AP)—The University of Arkansas' newest, and largest residence hall, the 11-story Henry S. Yocum Hall, opens to students today. The \$2 million dollar hall, to accommodate 540 students, is the first to be built in an \$8.5 million dollar phase of construction at the university.

Cholesterol Levels Lead to Attacks

NEW YORK (AP)—In a carefully watched group of Americans, those with high cholesterol levels not only develop more coronary disease, but they develop it more frequently—and it leads more often to a fatal heart attack.

That is one verdict from a study of 5,127 men and women in Framingham, Mass., reported today by Dr. William B. Kannel of the National Heart Institute.

It may not mean that cholesterol itself is the culprit, he said. But as cholesterol—one kind of blood fat—goes, so go other blood fat measurements.

From this, said Dr. Kannel, you can conclude that "in a population that has been saturated with fat some threshold (of safety) has been passed."

In the Framingham study, about 1 in 10 of the men between the ages of 30 and 60 have developed some coronary disease in the last 10 years.

Of those who have the first signs or symptoms of coronary disease,

## Better Be Sure of Speed Limit

BROWNS MILLS, N.J. (AP)—A motorist had better be sure of his direction when he travels on Burlington County Road 545—the speed limit is 50 miles an hour northbound and 25 miles an hour southbound.

The split speed limit applies to a one-mile stretch of the highway bordering Ft. Dix. A spokesman for the military installation says the army has jurisdiction over half of roads bordering Ft. Dix and has posted a 25 m.p.h. speed limit on its half. The half bordering Pemberton Township is being maintained at 50 m.p.h.

That's not the only problem. Local police aren't sure whether they ought to ticket traffic violators on the military's half.

Damage for Being Torpedo Victim

HARTFORD, Conn. (AP)—Thomas Scanlon, torpedoed by a submarine in June 1962, has been awarded \$200 damages.

Scanlon, of New Britain, Conn., broke a tooth on sandwich known variously along the Eastern seaboard as a submarine, grinder and hero.

Circuit Judge Bernard Kosicki ruled for Scanlon Tuesday in a suit against Food Crafts, Inc. of West Hartford.

Kosicki described the type of sandwich in question as "a gustatory extravaganza of regal dimensions and savor. It consists of an elongated roll either hard-crusted or soft, slit longitudinally

35 per cent die within the first three weeks, 55 per cent of them suddenly.

If there is a set of suggestions a doctor might offer a patient, Kannel said, they might be something like this:

Get up and exercise, eat a less rich diet, less of foods with saturated fats, smoke fewer cigarettes; and if you have high blood pressure, get it lowered, and if you are overweight, lose weight.

## Cholesterol Levels Lead to Attacks

NEW YORK (AP)—In a carefully watched group of Americans, those with high cholesterol levels not only develop more coronary disease, but they develop it more frequently—and it leads more often to a fatal heart attack.

That is one verdict from a study of 5,127 men and women in Framingham, Mass., reported today by Dr. William B. Kannel of the National Heart Institute.

It may not mean that cholesterol itself is the culprit, he said. But as cholesterol—one kind of blood fat—goes, so go other blood fat measurements.

From this, said Dr. Kannel, you can conclude that "in a population that has been saturated with fat some threshold (of safety) has been passed."

In the Framingham study, about 1 in 10 of the men between the ages of 30 and 60 have developed some coronary disease in the last 10 years.

Of those who have the first signs or symptoms of coronary disease,

## Damage for Being Torpedo Victim

HARTFORD, Conn. (AP)—Thomas Scanlon, torpedoed by a submarine in June 1962, has been awarded \$200 damages.

Scanlon, of New Britain, Conn., broke a tooth on sandwich known variously along the Eastern seaboard as a submarine, grinder and hero.

Circuit Judge Bernard Kosicki ruled for Scanlon Tuesday in a suit against Food Crafts, Inc. of West Hartford.

Kosicki described the type of sandwich in question as "a gustatory extravaganza of regal dimensions and savor. It consists of an elongated roll either hard-crusted or soft, slit longitudinally

35 per cent die within the first three weeks, 55 per cent of them suddenly.

If there is a set of suggestions a doctor might offer a patient, Kannel said, they might be something like this:

Get up and exercise, eat a less rich diet, less of foods with saturated fats, smoke fewer cigarettes; and if you have high blood pressure, get it lowered, and if you are overweight, lose weight.

## Two Attend Former All Negro School

MEMPHIS (AP) — Two white youngsters are attending first grade classes with Negro playmates at a formerly all - Negro school at Memphis.

Mrs. Mildred Shelton, widowed mother of seven, said she enrolled her two younger children, Johnny, 8, and Melody, 6 in the school when the term began last week. It was not made public until Monday.

Although some 280 Negroes are attending previously white schools under a gradual desegregation plan this was the first time a white resident voluntarily integrated a Negro school at Memphis.

Mrs. Shelton said she enrolled the children at the Negro school

and filled with an imaginative assortment of meats, condiments and vegetables."

However, the sandwich roll Scanlon tried to bite into was so hard it "was not reasonably fit for human consumption," the judge ruled.

because "It's a lot closer than any white school." She said Johnny attended a white school last year and failed the first grade.

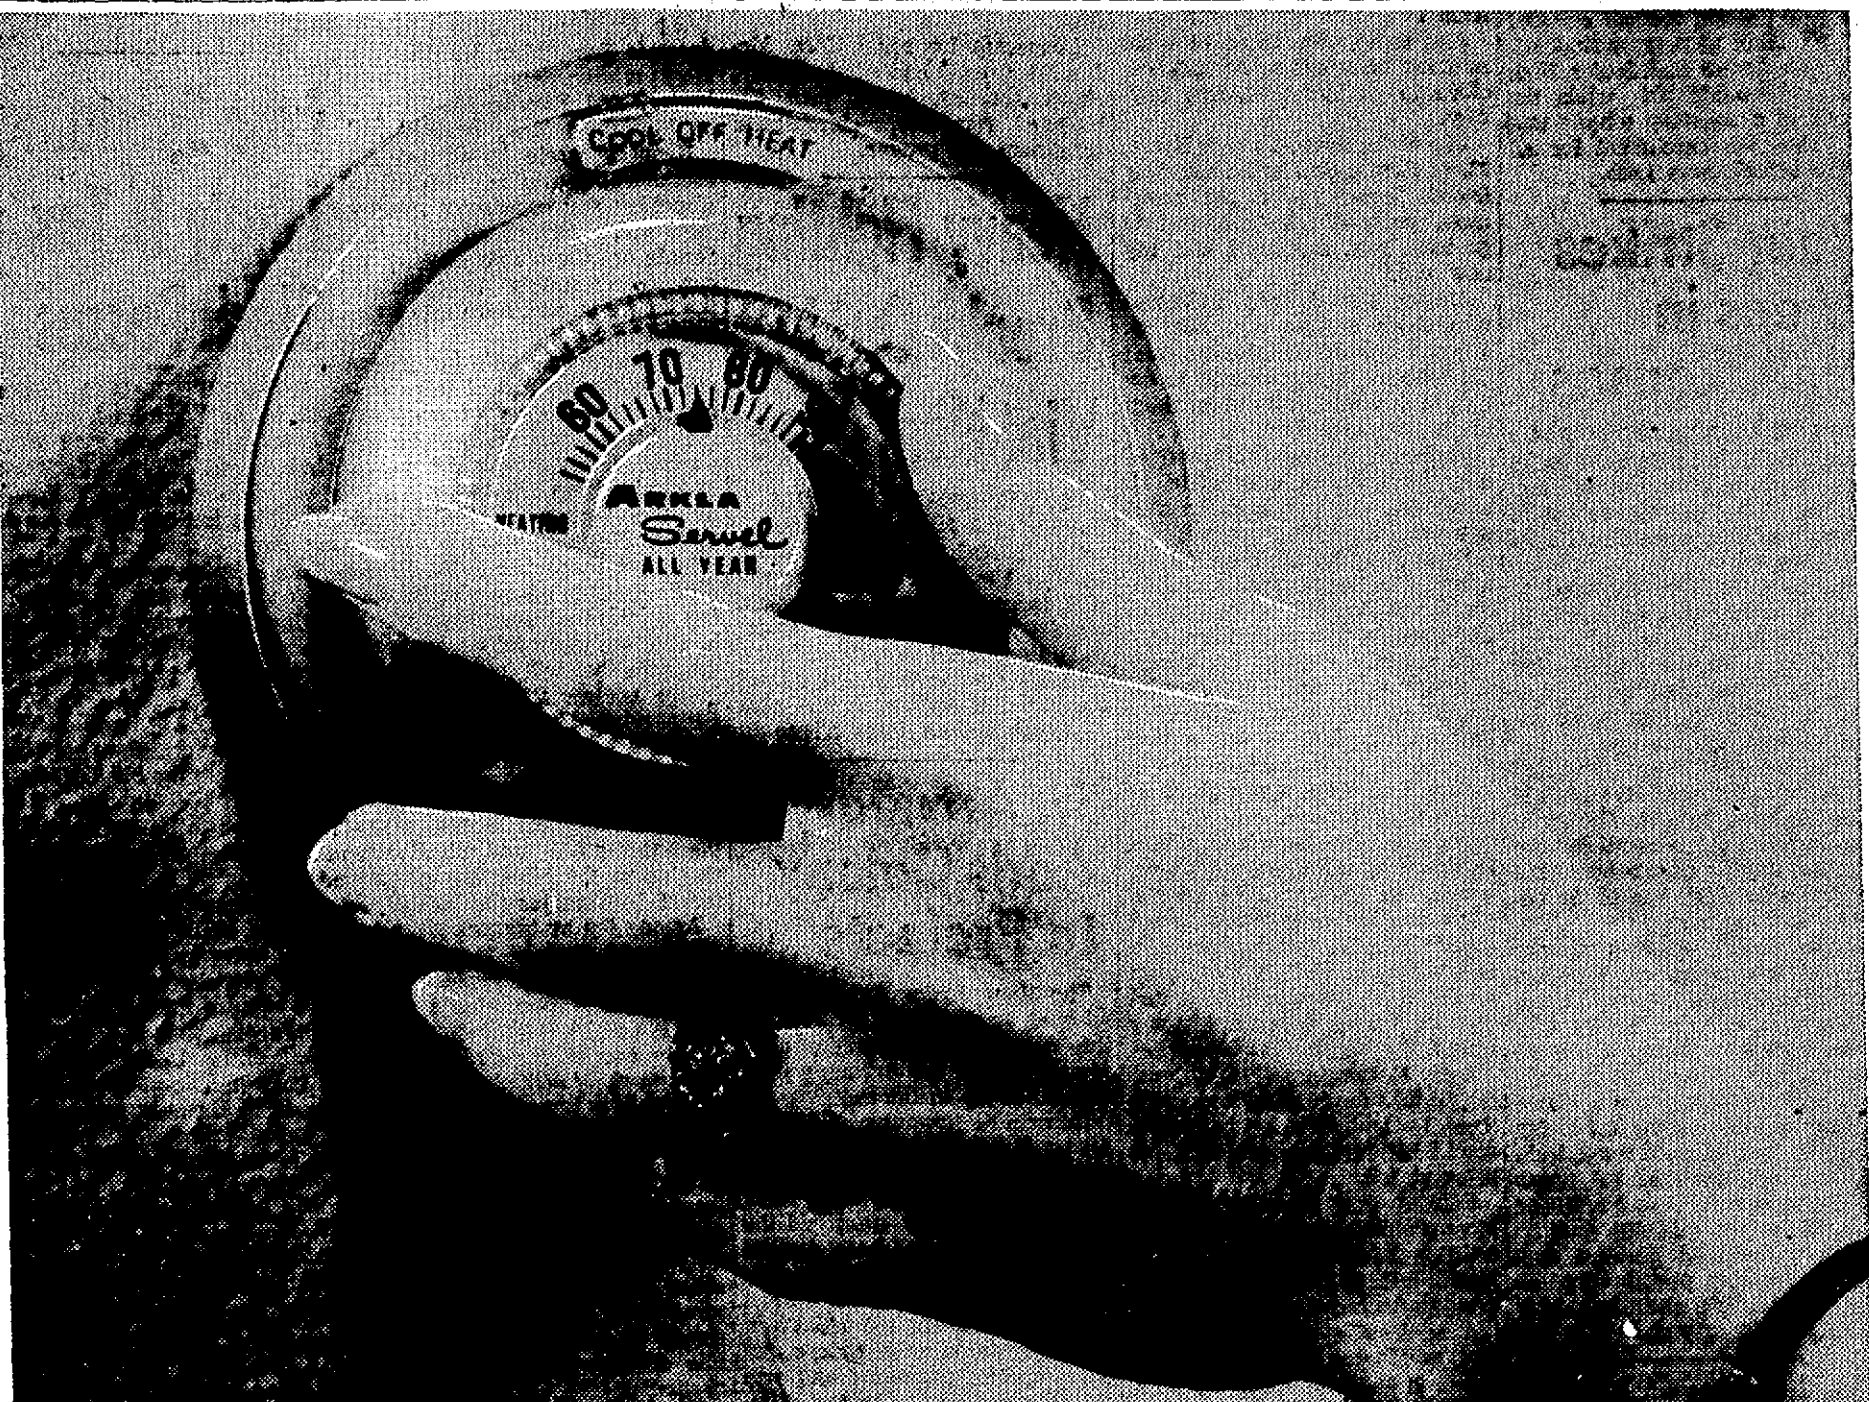

"These children have grown up around them (Negro youngsters) here and the teachers are so nice to them over there," said Mrs. Shelton. "It's a lot different when they grow up together."

Johnny and Melody were assigned to the same class when they enrolled but Johnny has been transferred to another class.

"We talked too much," explained Melody.

Bayou Bartholomew was the first settlement in Drew County, Arkansas, in the year 1832.

Phone 7-3431 Between 8 A.M. and 4 P.M.

## Calendar

Thursday, September 12

The Hope Women's Golf Association will have their regular monthly meeting Thursday, September 12 at the Country Club at noon.

All members are urged to bring their sack lunches.

There will be a pot luck supper at the Arma for the Hope Round-up Club, Thursday night at 7:30.

All members and prospective members bring your families and a covered dish.

For information call Mrs. Phyllis Goodner or Mrs. Travis Ward.

Monday, September 16

Wesleyan Service Guild No. 2 of the First Methodist Church will meet at 7:30 p.m. Monday, September 16 in the home of Mrs. Binton Davis. The worship leader will be Mrs. H. O. Kyler, the program leader will be Miss Mary Louise Copeland, and some member of the Guild will be highlighted as the Member of the Month. Who will she be?

Circle 5, WSCS, of the First Methodist Church will meet Monday, September 16, at 7:30 in the home of Mrs. Mildred Reaves with Mrs. Paul Bain as co-hostess.

Polly Williams will be in charge of the program.

All members are urged to attend.

Tuesday, September 17-19

Mrs. Roy Bagley, wife of the District Superintendent of the Hope District, will conduct a study on "Foundations of Christian Teachings" in Methodist Churches, on Tuesday, Wednesday, and Thursday evenings, Sept. 17, 18, and 19. The group will meet in the Lillian Rounton classroom of the Methodist Church at 7:30 each of the three evenings. All parents as well as the teachers of children are urged to attend.

Wesleyan Service Guild 1 Meets

Wesleyan Service Guild 1 of the Methodist Church met Monday evening, September 9, in the home of Mrs. J. W. Perkins with Mrs. James McLarty, Jr. as co-hostess.

Mrs. Raymond Franks opened the meeting with prayer and Mrs. Elmer Brown, president, presided over the business session. Mrs. Leon Bundy gave an interesting report of the Educational Seminar held recently in Nashville, where the mission study books for the coming year were presented by competent speakers.

Mrs. James McLarty, program leader, introduced the Guild program topic for the year. She stated that all programs were to expand the theme "Know Your Church."

Preceding the evening's program the group sang "The Church's One Foundation" with

Mrs. Elmer Brown at the piano. Mrs. McLarty called upon Mrs. J. W. Perkins and Mrs. Garland Medders to discuss "What the Church Has Meant to Me." Then the members present formed buzz groups to consider the questions "What Is Wrong With Our Church?" and "What Can We Do to Improve Our Church?"

At the conclusion of the discussion, "A Prayer for the Church" was read in unison.

The hostesses served delicious cake and iced punch to ten members and one visitor, Mrs. Franks.

## Duplicate Bridge Club

Master Point Night was held for the Hope Duplicate Bridge Club on Monday, September 9 at the Hope Country Club. Of the 4 1/2 tables of players, the highest scoring couple was Mrs. Wilma Steed of Pine Bluff and Mrs. R. L. Broach.

In second place were Mrs. E. P. Young, Jr. and Miss Elizabeth Bridwell. Mike Kelly and Dr. Harold Brants were third, and Mrs. Bill Wray and Miss Mary K. Lehman, fourth.

## Coming and Going

Mr. and Mrs. Charles Rounton, Baton Rouge, La., visited Mrs. C. F. Rounton en route home this week from Arkadelphia, where they took their daughter, Ann, to Ouachita Baptist College. Mrs. Rounton returned with them to their home.

Also Mr. and Mrs. Clark Kizzia of New York visited Mrs. Rounton en route home from Dallas, where they took their daughter to SMU.

Mrs. Wilma Steed, Pine Bluff, has been visiting her mother, Mrs. Pearl Watson.

Mr. and Mrs. Bill McNelly and Mark Richardson, Tex., are the guests of Mrs. D. F. Harper and Janice and Mrs. Mamie Sanders.

Bob Willis, Moline, Ill., visited his aunt, Mrs. Charles Reynson, before entering Ouachita Baptist College this week.

Mr. and Mrs. Joe Kobleur, Jeanerette, La., were here Sunday to see Mr. and Mrs. Charlie Taylor.

E. N. Strickland of Cisco, Texas, son of Mr. Earl Strickland, is here visiting his uncle, J. W. Strickland.

## Kennedys Think They Fared Well

WASHINGTON (AP)—The Kennedy administration today reviewed its role in its latest clash with Alabama Gov. George C. Wallace and decided it had fared pretty well, all things considered.

The federal government had been able to enforce court orders integrating schools in three Alabama cities without resorting to federal force.

With a bit of carefully planned paperwork—the federalizing of National Guardsmen summoned to duty earlier by Wallace himself—it was able to get the soldiers out of the picture entirely.

A government source close to the inner workings of the federal-state conflict said the drama may not be over and Wallace may uncover some new maneuver. But he made it clear the administration was highly pleased with the day's outcome—especially so because the job of maintaining peace in Birmingham, Tuskegee and Mobile was solidly in the hands of local police officers. Soldiers were nowhere in sight.

The central government had devised elaborate plans for more than a week to meet any possible Wallace move, the source said. He indicated that the avowedly segregationist governor kept the administration guessing at every turn in his battle to keep the Negroes out of the schools.

## \$148 Million From Taxes on Liquor

LITTLE ROCK (AP)—Dean R. Morley of Little Rock, an attorney for wholesale liquor dealers, told a Little Rock civic club Tuesday that about half the cost of a bottle of whisky is tax money.

He said state and local liquor taxes in Arkansas produced \$8 million in revenues annually. And, since repeal of prohibition, Morley said, Arkansas has gained \$148 million from liquor taxes.

## Hungary Visitor Treated in Style

BELGRADE, Yugoslavia (AP)—President Tito gave a dinner Tuesday night in his hunting lodge at Karadjordjevo, north of here, for Premier Janos Kadar of Hungary.

The Communist leaders exchange toasts stressing the strengthening of friendly relations.

## Proclamation

WHEREAS September 12 marks the first day of the "new design" in the Girl Scout program . . .

WHEREAS The week will mark the first meetings of Girl Scout troops in four new age levels, and new Girl Scout Handbooks developed to correspond to the new age levels will go on sale for the first time . . .

WHEREAS 190 members in Hope are celebrating the proud event along with the rest of the three and a half million members of the largest girls' organization in the world . . .

WHEREAS These young women, and the adult volunteers who help them, strive daily to fulfill the Girl Scout Promise and Laws: to do their duty to God and country, and to help other people at all times . . .

AND WHEREAS Those members of our community who work with and support the Girl Scouts are among our finest citizens . . .

Now, therefore, I Frank Douglas as Mayor of Hope, Ark. do hereby proclaim today, September 12, as Girl Scout Handbook Day.

Signed: Frank Douglas

## Treaty Doesn't

Continued From Page One

our assurance against clandestine violation by others."

4. "This government will maintain strong weapons laboratories in a vigorous program of weapons development, in order to ensure that the United States will continue to have in the future a strength fully adequate for an effective national defense. In particular, as the secretary of defense has made clear, we will maintain strategic forces fully ensuring that this nation will continue to be in a position to destroy any aggressor, even after absorbing a first strike by a surprise attack."

These four points covered the safeguards on which the Joint Chiefs conditioned their support of the treaty.

Kennedy said in another point that he was glad to emphasize again, as he had in response to a previous suggestion by former President Dwight D. Eisenhower, that the treaty "in no way limits the authority of the commander in chief to use nuclear weapons for the defense of the United States and its allies if a situation should develop requiring such a grave decision."

"Any decision to use such weapons would be made by the United States in accordance with its constitutional processes and would in no way be affected by the terms of the nuclear test ban treaty," Kennedy said.

One of the concerns expressed by Sen. Richard D. Russell, D-Ga., who has declared opposition to the treaty, is that it might open the way toward world disarmament without on-site inspection.

"No one is more in favor of disarmament than I am," said the Georgia Democrat who heads the Senate Armed Services Committee before the Senate began its third day of formal debate on the pact.

"I would be willing to abolish all nuclear weapons."

"But we are giving up the conception of on-site inspection in this treaty and we'll never be able to revive it."

Thus, Russell added, he decided to oppose ratification of the ban on all but underground blasts because he fears "we may be trapping ourselves into disarming without ironclad guarantees that the Russians are doing likewise."

The United States has insisted on-site inspection is necessary to detect sneak underground blasts precisely. So far as the testing environments prohibited by the treaty are concerned—the atmosphere, outer space and underwater—the government contends that most tests could be detected without on-site inspection. President

Sen. Barry Goldwater, R-Ariz., said in a separate interview that he intends to press for a vote on a reservation to the resolution implementing the treaty which would delay effectiveness of the agreement until the Soviets withdraw their military forces from Cuba.

Sen. Frank Church, D-Idaho, called the treaty the first step back from a possible nuclear war offering "the specter of eventual extermination" for both the United States and the Soviet Union.

Church, a member of the Senate Foreign Relations Committee, said that in signing the treaty, the United States, Britain and the Soviet Union all recognized that "it may be better to try to halt the nuclear arms race than to try to win it."

Tuesday night at Miami Beach Secretary of State Dean Rusk told an American Legion convention that rejection of the pact would add weight to Red China's contention that peaceful coexistence with the West is impossible.

High and Grayhound Elementary, the other desegregated city schools. At Ramsay a police captain urged pupils: "Please go into classes—you'll be doing me a favor by doing so."

At Mobile there was a mild vocal demonstration when two Negroes went to integrated classes for the second day. The chanting of "we don't want to integrate" stopped after Charles Wilcox, school athletic director, chatted with the white pupils.

The National States Rights party continued its campaign of pamphlet distribution urging a school boycott.

A group of 50 boys and girls at Ramsay High gathered outside, saying they were not going to class but only wanted to watch. Police told them to go to school or go home. All but three or four entered the building.

Enrollment at West End and Graymont Tuesday was off sharply but nearly normal at Ramsay.

The Board of Education said 857 enrolled at Ramsay, 575 at West End and 116 at Graymont. Expected enrollment was 900 at Ramsay, 1,490 at West End and 328 at Graymont.

West End was the only trouble spot in integration of schools at Birmingham, Mobile and Tuskegee.

The guardsmen, some of them called up three months ago to enforce integration at the University of Alabama, were not needed as 20 Negroes entered white schools and broke a new deadlock between Gov. George C. Wallace and the federal government.

"I can't fight bayonets with my bare hands," said Wallace. He pledged to continue his segregation fight in the courts.

Wallace called up the National Guard to block the Negroes. President Kennedy quickly placed the soldiers under federal control and prohibited them from carrying out Wallace's orders.

About 200 Guardsmen moved into a Birmingham armory for use if requested by city authorities in keeping order.

"I'm sure we can handle it—if I didn't think so, I wouldn't hesitate to call for help," said Police Chief Jamie Moore.

A heavy force of city policemen and county officers quelled disturbances by pupils and angry adults at West End High School in Birmingham after two Negro girls entered the school.

Only about 150 white pupils stayed in West End after the Negro girls went inside. Hundreds of white pupils, joined by militant adults, jeered the Negroes and policemen. Scuffles ensued. Policemen called in the riot squad, armed with shotguns and carbines.

Clubs were used to prod the crowds. Nine men were arrested, some for scuffling with officers and some for disobeying orders to move. Among those arrested was Bernie M. Carmack Jr., who said he belonged to the segregationist National States Rights party. He was arrested a week ago in a similar demonstration at another Birmingham school.

David Stanley, 18, was arrested on a charge of assaulting an officer with intent to murder in an earlier demonstration Tuesday.

A small concussion grenade was thrown against the house of a Ne-

WILL HE EVER REFORM?  
By HELEN WORDEN ERSKINE

for my leaflet, "A Happy Marriage."

Dear Helen: My first husband died in a railroad accident two years ago. A year later I met a man—he was 25. I was 19. Last year I gave birth to a beautiful baby at a home for unwed mothers. Although her father would have nothing to do with us, I could not bear the thought of his child being adopted by strangers.

Now I thank God for giving me. His little right hand angel. Keeping her baby would be the best thing Desolate could do for herself and it. I still live in the town where I grew up. People talk, but as long as baby is by my side, I can face anything.

The boys I meet are understanding. I've even had a chance to marry but didn't because I wasn't in love. It is reassuring to find how many people give me credit for having the courage to look the world in the eye and say, "Yes, this is MY baby." —Unmarried but Happy.

Dear Unmarried: Your experience is not typical because society still does not condone illegitimacy. You, happily, had the stamina to keep your baby and, so far, neither one of you has suffered unduly. Very few unmarried mothers are Spartan enough to stand it. There just is no ideal solution to the growing problem of illegitimacy—the rate has tripled in the past 25 years. Society still has a long way to go in reconciling its attitude about sex and the consequences of sex.

Dear Helen: My sister, 66, and I haven't seen each other since 1922. I invited her to come here, or suggested I go to her when her husband and sister died. She said, "Stay home!" I have sent her money, birthday handkerchiefs and asked for her picture. She refused this. Now she writes that I "got mean" in my last letter! Out of your vast experience, how would you handle a deal like this? —Baffled Brother

Dear Brother: Ignore your sister's remark. There is no need to apologize for something nonexistent. Continue to answer her letters. If you wish but make no further overtures.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Dorothy Dix is a registered trademark.

## Alabama's Fever Is Artificial

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — Gov. George C. Wallace keeps Alabama's temperature up but it's an artificial fever.

In making a political career of defiance, he has become the master of the big noise and the empty gesture. When the going gets tough, he melts.

His latest performance, defying desegregation of schools in the Alabama cities as ordered by federal courts, is just one more gesture.

He knows he can't get away with it. He may think it helps him politically. When the federal government puts the squeeze on him, he can say he tried.

In his election campaign he called federal courts "lousy," vowed to disobey any school integration order, and at inauguration promised "segregation forever."

The only thing wrong with the promise was that, to make good on it, he'd have to be able to defy the federal government and courts successfully.

But if he could do that, any governor could on any issue, and in the end so could any citizen.

The result would be not only no government, federal or state, but not even segregation, just chaos.

He put on the "standing in the schoolhouse door" act in going through the motions of defying a federal court order desegregating the University of Alabama.

But when President Kennedy called the Alabama National Guard into federal service, Wallace trotted away.

Last week the officials of four Alabama communities carefully arranged to obey federal court orders to desegregate their public schools.

They said they could meet the situation locally, without Wallace's intervention. But he intervened with state troopers and stopped the desegregation in three of the cities.

From different sides in Alabama Wallace was criticized for doing exactly what he had accused the federal government of doing.

Last month he got in another empty gesture, this time on Bible reading in public schools.

While the Supreme Court on June 17 banned Bible reading in public schools as a religious exercise, it did not—and said it did not—ban Bible reading as part of a study course.

On Aug. 5 the Alabama Board of Education ordered the Bible read daily in all public schools as part of a study course.

Wallace, who introduced the resolution to do this, said that in making Bible reading part of the study course he was not trying to get around the Supreme Court decision.

But that's exactly what he was doing. He wasn't defying the court. It only sounded that way. He was complying with the court.

Nevertheless, he said: "I would like for the people of Alabama to be in defiance of such a ruling. I want the Supreme Court to know we are not going to conform to any such decision."

Wallace got very aggressive again on Aug. 21 but in a way that accomplished absolutely nothing unless he felt it built up his image as a defier.

This was at the Southern Governors' Conference at White Sulphur Springs, W. Va.

He presented four resolutions attacking civil rights policies of the national administration. Mississippi's Gov. Ross Barnett co-sponsored them.

But the conference took no action on any of the resolutions and Wallace didn't ask for any.

His latest defiance of federal court orders to desegregate public schools in various Alabama cities will, if he persists in it, require action by President Kennedy.

If the President uses force of any kind, and Wallace follows his usual pattern, the governor once more will retreat, blaming desegregation on Kennedy, claiming he fought to the last ditch.

## Thinks Love Persuaded Chinese

By GEOFFREY HO

HONG KONG (AP) — The Chinese wife of U.S. turncoat Scott Rush said today she believed their deep love for each other persuaded Red Chinese officials to permit her to leave him for a new life in the United States.

"The Chinese Communist authorities were sure my husband will take good care of me," said Shanghai-born Helen K. H. Rush, 31. "They had been quite aware of our love for each other."

She said that since she was uninterested in politics, the only consideration the Communists could have had in weighing her application to leave was her own welfare in an "abiding love" for her as a guaranty for her future life.

Helen arrived from Red China Saturday with her husband and year-old daughter Betty on their

## Sees Passage of Tax Cut Bill

WASHINGTON (AP) — Rep. Hale Boggs of Louisiana, the House Democratic whip, said today he thinks Congress will pass President Kennedy's \$11.1 billion tax cut bill this year.

Rep. John W. Byrnes, R-Wis., said he would "have to accept his judgment that Democrats have the votes" but that Republicans will not slacken their efforts to attach a spending control section to the bill. And Byrnes said they expect some Democratic support.

The two congressmen, who debated the bill on a television program, are members of the tax-writing House Ways and Means Committee which is expected to approve the bill formally Friday.

There have been predictions, however, that delays — especially in the Senate — are likely to delay enactment until next year at least.

Byrnes is the senior Republican member of the Ways and Means Committee and also chairman of the House Republican Policy Conference.

## Danger Seen in Rise of Mortgages

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Rising consumer and mortgage debts and a slowdown in the rate of personal savings is seen as a danger signal by financial conservatives — and as a harbinger of better times by the economic growth enthusiasts.

The rise in foreclosures of federally insured and guaranteed mortgages and some stretching of the length of installment credit repayments (making the monthly outlay smaller) leads the worriers to question the quality of the private debt. But this is shrugged off by the optimists as far from the danger level yet.

This split in financial thinking isn't new. What adds urgency to the debate at this time is the size of the total debt and its rate of growth.

Counting public, corporate and individual debts, the figure now is well above one trillion dollars, an increase of 445 per cent since 1940. Of this, corporate debt is around \$414 billion. Home mortgages are close to \$170 billion. Installment debt is \$50.8 billion.

The Securities and Exchange Commission reports that in the April-May-June quarter individual debts rose by \$7.6 billion, compared with \$1.9 billion in the first three months of the year.

Net savings also gained, but by \$2.9 billion compared with \$6.5 billion in the first quarter. This made the second quarter savings increase the smallest for a like period since the \$1.4 billion in 1960 when the last recession was in its early stages.

Those who view the sharp rise in total debt in the last 23 years without alarm stress that the nation's total output of goods and services has risen even faster. They say that makes the debt burden now a bit lighter than in 1940.

Consumer credit increasingly is a way of life for many, if not most, Americans. Bankers hold that the soundness of the total consumer debt lies in its share of disposable personal income (what is left after taxes).

In 1950 the percentage of debt to disposable income was 8.9. By the end of 1962 this had risen to 13.2. Those in the lending business insist this is still far from dangerously high, in spite of the rise in mortgage and other loan defaults.

In 1950 the percentage of debt to disposable income was 8.9. By the end of 1962 this had risen to 13.2. Those in the lending business insist this is still far from dangerously high, in spite of the rise in mortgage and other loan defaults.

Consumer credit increasingly is a way of life for many, if not most, Americans. Bankers hold that the soundness of the total consumer debt lies in its share of disposable personal income (what is left after taxes).

In 1950 the percentage of debt to disposable income was 8.9. By the end of 1962 this had risen to 13.2. Those in the lending business insist this is still far from dangerously high, in spite of the rise in mortgage and other loan defaults.

## Kennedys to Observe 10th Anniversary

EDITOR'S NOTE—On Thursday President and Mrs. Kennedy will celebrate their 10th wedding anniversary. The wedding 10 years ago of one of Washington's most eligible bachelors and a young socialite is recalled in the following article.

By FRANCES LEWINE

WASHINGTON (AP) — Ten years ago, a crowd of some 3,000 broke through police lines in Newport, R.I., to catch a glimpse of a famous wedding.

Sightseers had come in busloads for what society writers declared was Newport's most lavish wedding since its heyday.

Kneeling on a satin cushion at the altar of St. Mary's church, John Fitzgerald Kennedy and Jacqueline Lee Bouvier exchanged marriage vows of the Roman

Catholic Church. A simple wedding band, slipped on the bride's finger, sealed the marriage on Sept. 12, 1953.

Kennedy, 36, was then a freshman senator. His bride was a 24-year-old post-debutante socialite of Newport and McLean, Va., who most recently had been the inquiring camera girl for the Washington Times-Herald.

This week, as President of the United States and First Lady, the Kennedys will observe the anniversary of their marriage which caused such a stir at Newport a decade ago.

The wedding was an elaborate event from the start, with a blending of social, political and diplomatic worlds.

The Kennedys and Fitzgeralds had been in Boston politics for years, wintered at fashionable Palm Beach, Fla., and summered at Hyannis Port, Mass. The Bouviers and the Lees were well known in banking and stock exchange circles. They spent their leisure moments at Southampton,

N.Y., and at Newport.

The merging of these families drew page one attention.

The crowd that had slowed traffic and clustered on the lawn of the church, pressed forward and cheered the bride couple as they emerged, Kennedy grinning.

At the reception, the newlywed Kennedys stood for three hours greeting their 1,400 guests.

The Kennedy's wedding ceremony was set for 11 a.m., but the crowds were out early, milling about for more than an hour beforehand to catch a glimpse of arriving notables.

A motorcycle escort brought the bride couple to the church separately and they entered by a back door.

Jacqueline, whose father, John Vernou Bouvier 3rd, was ill, came escorted by her stepfather, wealthy Washington stockbroker Hugh D. Auchincloss. She was loudly applauded and police had to call for more men and ropes to keep back the crowd.

The bride was preceded by her

matron of honor, her younger sister, Caroline Lee Bouvier, 20, now the wife of Polish Prince Stanislas Radziwill, but then only recently married to Michael T. Canfield of New York, secretary to U.S. Ambassador Winthrop Aldrich. Maid of honor was stepsister Nina G. Auchincloss, now married to political hopeful Newton Steers of Bethesda, Md., an investment broker and a Republican.

Kennedy's best man was his brother, Robert F. Kennedy, now attorney general.

A longtime Kennedy family friend, Richard Cardinal Cushing, archbishop of Boston, pronounced the Kennedys man and wife and was celebrant of the nuptial Mass, which included a special blessing from Pope Pius XII.

After the wedding, a gay reception started at the huge, rambling gray-shingled Hammersmith Farm home overlooking Narragansett Bay that had been in the Auchincloss family for more than 70 years and is often used now as a presidential vacation spot.

The traffic jam was so great

## Goldwater Cites Danger of Far Left

CLEVELAND, Ohio (AP) — Sen. Barry Goldwater, R-Ariz., said today "the true danger in American political life" comes from what he called "the far left," not the right-wing John Birchers.

Goldwater, widely regarded as the leading prospect for the GOP presidential nomination next year, appealed to Republicans to unite in a no-holds-barred campaign to unseat the Kennedy administration.

"We have been hearing much too much in this country about the far right and not nearly enough about the far left," he

getting to the reception that cars were backed up nearly half a mile.

told an Ohio Republican Finance Committee luncheon.

He said members of Americans for Democratic Action hold important policy-making posts in the government and warned against what he termed the dangerous views recently expressed by young Democrats meeting in California.

"There can be no excuse for lowering our guard against unilateral disarmament, the withdrawal of troops from the Far East, and other moves suggested by the lunatic left," he said.

"The radical left poses an immediate, serious threat close to the government of the United States and here is where we must concentrate our attention and our attack," Goldwater said.

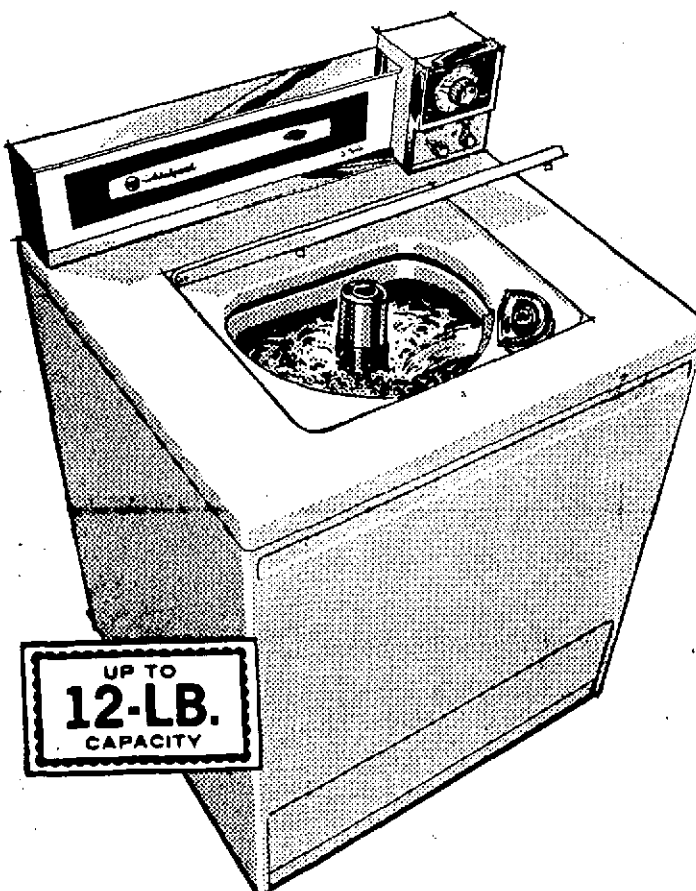

At Norfolk a large dam has been thrown across the Norfolk branch of the White River, creating a large lake used for flood control and power in the production of electricity.

## Ceylon Aid Halted With Seizure

By HENRY S. BRADSHAW

COLOMBO, Ceylon (AP) — In Ceylon's story of oil, politics and diplomacy it is difficult to distinguish ideology from incompetence, stubbornness from hastiness.

A key point may be a statement attributed to an official in Washington: "Ceylon is a cheap place to stand on a principle."

The principle is that of not giving aid to countries that seize American property without compensation. The United States halted aid to Ceylon last February.

The situation before and since leaves those closest to the scene with varying evaluations. Marxists here depict it as a clash of old-fashioned oil company imperialism with nationalism. Some others suspect poor government tactics on all sides.

The oil companies involved are Burmah-Shell, based in Britain, and Esso and Caltex, based in the United States. For decades, they provided the needs of this tropical island off the southern tip of India.

The Soviet Union started undercutting the companies' prices for oil from Middle Eastern fields. In 1961 Ceylon's Commerce Minister T. B. Illangaratna established a government company, Ceylon Petroleum Corp. (CPC), to import cheaper Russian oil products.

To put CPC into business the Ceylonese government seized 178 service stations, 88 kerosene outlets and other facilities from the three companies.

Washington and London objected on behalf of the companies. Ceylon responded they would get fair compensation and would be allowed to continue to operate on the "basis of fair competition."

CPC quickly took about half the retail business.

About this time an American-owned utility company was nationalized in Brazil. Sen. Bourke Hickenlooper, an Iowa Republican, wrote into the American aid bill a prohibition against helping countries that failed to provide adequate and speedy compensation.

The U.S. ambassador, Miss Frances Willis, warned Ceylon's prime minister, Mrs. Sirima Bandaranaike, of this. But little happened until the deadline on American aid drew near in February.

At stake were \$1.3 million in grants and \$3 million in loans, big amounts in an underdeveloped country of 10.6 million persons.

The halt of aid brought a strong reaction. Miss Willis was burned in effigy. The Communists and two other Marxist parties got together for the first time in decades.

The Illangaratna forces then began to devise ways to restrict private oil company operations further in the name of saving scarce foreign exchange. They asked the companies for oil tank facilities because the Soviet Union wanted to send larger shipments. The companies refused.

The government played its final ace. Last month it passed a law giving CPC the exclusive right of retail petroleum sales in Ceylon.

Naval bunkering and aviation fuel are left to the private companies until the government decides to take them over also by a simple order.

The British government, which owns part of Burmah-Shell, seems less noticeably disturbed than the United States.

British investments in Ceylon's half billion dollars. Tea is the tea and rubber total more than a backbone of Ceylon's economy.

## Newsreaders Speak Well, Seem Sad

By CYNTHIA LOWRY

NEW YORK (AP)—NBC's Huntley-Brinkley evening news program bowed in Monday night in its half-hour form. Like Walter Cronkite's expanded CBS show a week ago, it was launched with a presidential interview.

It is unfair to measure the new Huntley-Brinkley program against the week-old Cronkite program by using as a yardstick the amount of news and the number of different stories covered. Almost half of the first Huntley-Brinkley program was devoted to the interview with President Kennedy. Result was that some headline items received short shrift.

In the New York area, Cronkite turns up a half-hour ahead of Huntley and Brinkley although in many areas they are in direct competition. Last evening Cronkite featured a brief interview with Sen. Barry Goldwater. He also interrupted his run-through of the day's headlines with analyses by staff reporters on the chances of passage of the nuclear test-ban treaty and of Goldwater's presidential chances.

NBC's news team stuck more closely to straight reportage, sometimes devoting only one sentence to a given subject.

Cronkite's newsroom background is busy and somewhat distracting. Huntley and Brinkley turn up in a sort of gray limbo which somehow is most effective for a news show.

Both programs, fierce rivals, are careful, clear and responsible

## Mrs. Nhu Plans to Visit U. S.

By THE ASSOCIATED PRESS

BANGKOK, Thailand (AP) — Mrs. Ngo Dinh Nhu, powerful first lady of South Viet Nam, says she will visit the United States in mid-October but has no plans to attend the U.N. General Assembly session as reported earlier.

The sister-in-law of South Viet Nam's bachelor president, Ngo Dinh Diem, stopped in Bangkok briefly Monday night en route to an international parliamentary conference in Belgrade, Yugoslavia.

## Explosion at Legion Meet Injures Four

By JOE MCGOWAN JR.

MIAMI BEACH, Fla. (AP)—A small cannon exploded during the annual parade of the American Legion convention Monday night. Four persons were injured.

The cannon exploded just as the parade was ending. One of the injured, Lester Cordell of Tulsa, Okla., said, "I was standing on the sidewalk when the gun went past. The guy with the fuse asked me to light it. I did with my cigarette lighter and it went off."

The blast smashed a plate glass window. Also hurt were members of the gun crew, Philip Harness, 55, of Elkins, W.Va., Escar Wilcher of Miami and Paul Fearer, 43, of Miami. All four men suffered burns on the face, hands, arms and chest.

The organization's 45th annual convention formally opens today. Secretary of State Dean Rusk was to speak at a banquet to-night and Legion officials said he was expected to deliver a major policy address.

Resolutions will be drafted Wednesday and Thursday and election of a national commander and five vice commanders will close the convention Thursday afternoon.

Dan F. Foley of Wabasha, Minn., is expected to succeed James E. Powers as national commander. Foley is opposed by Joe L. Matthews of Fort Worth, Tex.

## Ponder Over Support for Their Quints

MARACAIBO, Venezuela (AP) — With gifts beginning to arrive, the proud parents pondered today how to support five new sons in their one-bedroom home on \$10-a-day income.

The infants, born almost two months prematurely Saturday, were reported doing well, yawning and stretching feebly.

They passed their first danger period and are healthy, said Dr. Robinson Suarez Herrera, chief obstetrician at University Hospital. Juan Jose, the third born, had lost weight, less than an ounce. A medical bulletin said all five are in "acceptable condition."

Juan Jose weighed 3 pounds, 1.4 ounces at birth. So did the fourth born, Fernando.

Robinson, the first born, weighed 3 pounds 15.5 ounces; Otto, second born, 3 pounds 4.9 ounces; and Mario, fifth born, 4 pounds 3 ounces. A mixture of modified skimmed milk and malt is being fed to the quintuplets with eye-droppers.

The mother, Ines Marie Cuervo de Prieto, 34, has left her bed for a short spell on her feet.

She and her husband have 15 other children by previous marriages. Three live in their one-bedroom home.

"With only one bedroom it's going to be a little crowded," she said, but added, "My husband and I are very proud."

The father, Efrén, 39, earns 46.70 bolivars—\$10.40—a day as a Creole Petroleum Corp. foreman. He helps support 10 children by two previous marriages.

Mrs. Cuervo de Prieto already made a grandmother by a 17-year-old daughter, said she was in labor only two hours with the quintuplets.

"It didn't hurt at all," she said. "I didn't have any anesthetic. I trusted in God and in the doctors."

summaries of the day's most important news. The viewers' eventual choice will probably be based simply on whether he prefers Cronkite's or Huntley and Brinkley's style voice or choice of phrase.

ABC's "Whatever Happened to Royalty" Monday night was a delightful hour devoted to a perennially favorite Sunday supplement subject. It was a series of close-ups of patient, optimistic regal exiles, all hoping that someday, somehow they will be called home and their crowns restored.

The program consisted of informal, friendly portraits of Louis-Fredinand of imperial Germany, pretender Don Juan and his widowed mother, the former Queen of Spain; archduke Otto of Austria-Hungary, and ex-king Simeon of Bulgaria, their handsome children and spouses.

They all spoke beautiful English, were most articulate and seemed quite sad.

## Thinks Some Evidence Not Admissible

ST. LOUIS (AP)—The attorney for a West Memphis, Ark., Negro convicted on gambling charges said today in a hearing in the U.S. 8th Circuit Court of Appeals, evidence about the man's "business operation" should not have been allowed in the lower court.

Andrew Stratton Bass was found guilty in U.S. District Court at Jonesboro, Ark., in November 1962 on charges of inducing persons to travel in interstate commerce for the operation of a gambling enterprise.

Bass was fined \$5,000 and sentenced to three years in the penitentiary. He is out on bond appealing the conviction.

His attorney, Wills Davis of Memphis, Tenn., said evidence was introduced about the operation of Stratton's business prior to the passage of the statute covering Bass' case. The statute was passed in September 1961.

Davis claimed the government was wrong when it said collectors, who picked up money from Bass' business outlets for delivery to Bass, were part of interstate commerce.

U.S. Attorney Robert Smith of Little Rock argued that the evidence was needed in the U.S. District Court to establish the "magnitude" of Bass' operation.

Smith told the court he felt the government had proved that Bass had unqualified control of gambling in West Memphis and that persons who wanted to operate had to make arrangements with Bass.

Bass did not travel, Smith said, but used collectors in his operation. "This is an attempt to break up interstate phases of gambling in Arkansas," said Smith.

The court took the case under advisement and did not indicate when it would return a decision.

## Harvest of Cotton Has Slowed Some

LITTLE ROCK (AP)—The cotton harvest slowed in Arkansas last week due to much-needed rain, the Agriculture Department said today.

Most farmers were able to re-enter fields in the latter part of the week. Most of the early cotton is being hand-picked and the farmers are paying from \$2 to \$3.50 per 100 pounds.

Some farmers planned to start defoliation and machine harvesting in the next two weeks. Gins have been able to keep up with the harvest.

Spot cotton trading continued light in the central Arkansas markets. The current demand is still centering around strict middling 1-1/16 inches cotton.

The department forecast Monday that Arkansas would produce 1,360,000 bales of cotton this year, 40,000 bales less than was forecast Aug. 1. Hot, dry weather during the month caused crop deterioration in central and north Arkansas particularly in the northeast delta counties, the department said.

Last year Arkansas produced 1,450,000 bales.

## Negroes Ask for Jobs in N. Carolina

HIGH POINT, N.C. (AP)—For the past three weeks, racial demonstrations have gripped this furniture and hosiery manufacturing city of 65,000. Negro marchers are demanding complete desegregation of public facilities and improved employment opportunities.

About 1,000 have been arrested, 303 of them Monday night during three demonstrations.

Last spring, High Point was named an All-America city by the National League of Municipalities and a national magazine. Among other things, the city was cited for improving race relations.

One of those arrested Monday night was the Rev. B. Elton Cox, a field representative of the Congress of Racial Equality. He told a mass meeting Sunday that demonstrations would continue until Negro demands are achieved.

If Negroes are not satisfied with progress by late October, when the furniture market here draws hundreds of wholesale buyers, 1,000 Negroes will lie on the street in front of furniture exhibition buildings, he said.

During Monday night's major demonstration, the 320 marchers stopped in front of a segregated theater and an all-night cafe in the business district and quickly submitted to arrest after refusing a police order to stop blocking the sidewalk.

Earlier in the evening, 43 Negroes had been arrested in demonstrations at the theater and the cafe.

Adult demonstrators were put under bond of \$50 each. Police said about 100 juveniles were to be cited to juvenile authorities.

## First Queen Quit to Be Evangelist

SHREVEPORT, La. (AP) — A Pine Bluff native now living in Shreveport was Arkansas' first national beauty queen. But she gave up the contracts and personal appearances accompanying the honor to become an evangelist.

Mrs. Edith Mae Pennington, the former Edith Mae Patterson, is now pastor of the Full Gospel Temple at Shreveport.

"I gave up the glamor of the footlights for the glory of the Lord," she said.

She won her title in 1921 when she became Most Beautiful Girl in the United States. The contest for the honor was sponsored by the St. Louis Globe Democrat.

Mrs. Pennington said at first she accepted the offers to perform in

moving pictures and on the stage, but later turned them down.

"I never saw so much superficiality in the world," she said. "I went from movieland to king-domland."

Mrs. Pennington was a teacher at Lakeside Grammar School in Pine Bluff when she won her title, at age 19.

She said the Miss America pageant at Atlantic City was just then becoming popular and that she was called "Miss America" often,

even though she had never competed in the pageant.

Before she turned to preaching she was often billed on the stage as the "Beauty with Brains," because of her teaching career, she said.

When she became an evangelist in 1925, she began preaching throughout the country, wearing a long white gown and cape in the style of famous evangelist Almee Semple McPherson.

She said a lot of people came to hear and to see her just because she had been a beauty queen. "I know that," she said. "But it brought them in."

A few miles west of Norfolk up the White River is Bull Shoals Dam. The dam with its reservoir is the largest of all projects in Arkansas. The dam from the river bed is as high as a twenty story building, and is nearly a half mile long.

**Caesar Haircut Is Latest Fad**  
HUTCHINSON, Kan., (AP) - Are teen-age boys giving up crew cuts and duck-tail hair styles? Hutchinson barbers report the newest fad is something called the Caesar cut - named for the style shown on marble busts of that old Roman, Julius Caesar.

The hair is cut short, combed forward from the crown to hang over the forehead in the form of bangs.

"It's easy to handle - that's why they wear them I guess," said barber Tony Entz.

**Favors Airplane**  
LITTLE ROCK (AP) - Gov. Orval E. Faubus has told newsmen at a press conference that when he leaves office he will recommend that the state buy an airplane for use of his successors. Faubus said he now relies on businessmen who own planes and on the state National Guard for plane transportation when necessary.

**Former Washington Man Receives Important Post**

Randal L. Tyus, prominent Negro educator and business executive of New York City was recently appointed to the staff of the Small Business Administration with headquarters in Washington, D. C. This appointment was announced by SBA Administrator Eugene Foley, September 4, 1963. Mr. Tyus will serve as program coordinator with Negro and other minority groups. His primary responsibility will be to develop closer liaison between SBA and the many thousands of small businessmen who can benefit from the programs and services available from the Federal Government. Mr. Foley said.

Mr. Tyus was for the past two years, associate Director of Development as well as instructor in business administration at Clark College, Atlanta, Georgia. He is a graduate of Fisk University, did graduate work at Columbia University and received the Masters degree in business administration from Boston University. He is a member of the trustee board of Fisk University, and a member of the Alpha Phi Alpha Fraternity. Mr. Tyus is a native of Washington, Arkansas, is the son of the late Professor and Mrs. George L. Tyus, and the brother of Mrs. Edna Tyus Spearman, Music Instructor at Yerger High School. He is married to the former Lois Davis of Galveston, Texas. Mrs. Tyus is also a graduate of Fisk University and is at present a teacher in the New York City School System.

**U.S. Aid to Viet Nam Continues**

WASHINGTON (AP) - High administration officials said today the United States is continuing aid to South Viet Nam, pending a presidential decision whether some assistance should be suspended.

The Kennedy administration has been pressuring South Viet Nam to liberalize its authoritarian policies.

The payments reportedly include \$250,000 a month from the CIA for special forces which are subject to the control of President Ngo Dinh Diem's brother, Ngo Dinh Nhu.

Administration officials said these forces, under the direct command of a Col. Le Quang Tung, were also receiving "straight aid," meaning nonsectarian aid, as distinguished from whatever assistance they may be getting from the Central Intelligence Agency.

President Kennedy started a massive survey recently of this country's relations with South Viet Nam, centering on the aid program, to see where pressures might be brought on the Diem government for policy changes.

Kennedy said a week ago that the government must develop greater popular support if the war

XXXIII  
I caught up the halter shank, not nearly so riled as probably I should have been. Matter of fact I was glad to be rid of Daguerrias. I'd been intending to ride her once we got to Ybarra's. Whatever disadvantage she would face through weight and my lack of experience looked a pretty cheap swap for a man I couldn't trust.

Pulling off her shoes I checked her feet again carefully. I put her back in the box with a lot less grain than she appeared to deem necessary.

Don't imagine horses cannot express their minds. The look I got when no hay was forthcoming could have soured fresh cream.

When she had cleaned up the oats I dampened a cloth, swabbed out her mouth and nostrils and, deaf to her displeasure, settled down outside the door of her stall to brood away what time we had left.

It was mid-afternoon when we appeared at Villalobos. Daguerrias, ponying Cajun Queen, up front in the lead where I could keep an eye on him. None of our tribe had elected to stay home, even Shirr crossing the river, which-in view of his divers dark prognostications and what he had tried with Linda yesterday-considerably astonished me.

He made a stiff black shape astride the heavily muscled Granite, impervious to censure as the side of a mountain. Dour, uncommunicative, he jogged along with our pair of hired hands like Ghengis Khan at the head of his brigands. His presence, boding no possible good, turned me even more jumpy and notional, crammed as I was with my own private furies.

The air was oppressive. Weird with a strange pervading lemon brilliance the land stretched away bleak and lifeless as the moon. Nothing moved against those hills where I'd camped months ago when I'd been studying Villalobos. The pink tower of the church stood stark as a bawling above the motionless will of the trees.

My every breath drew in the scorched smell of seared earth. What, I wondered, had become of Ybarra's herds? of the scrawny half-starved cattle he had driven across the river? Shirr's stock that we had mounted this race to decide the price of.

A man, if he is determined enough, can do just about anything. This was the rock to which I clung. Had I not been thoroughly convinced of this tenet I would never have bought those Waggoner horses or, back at the beginning, been sucked into this.

That the whole situation was coming apart was apparent even to me, yet I clung to my belief in man's determination, bound that I was right-that dogged stubbornness could prevail.

I wouldn't let that girl come into my thinking.

Nothing, I swore, was going to stop Bancroft Benson-neither her nor her father, nor Daguerrias and Shirr. Not even those stupid

against the Communist Viet Cong guerrillas is to be won.

The real target of Kennedy's remarks in the drive for policy changes was and is Nhu, strong man of the regime and the chief of its secret police, as well as the power behind the special forces.

The focal point of the long period of tension and the dispute between Saigon and Washington was reached three weeks ago with attacks on Buddhist temples and widespread arrest of Buddhist leaders by the Diem government.

**Petition for Rehearing Denied**  
LITTLE ROCK (AP)-The Arkansas Supreme Court denied today a petition for rehearing of its June decision invalidating four 1950 legislative acts.

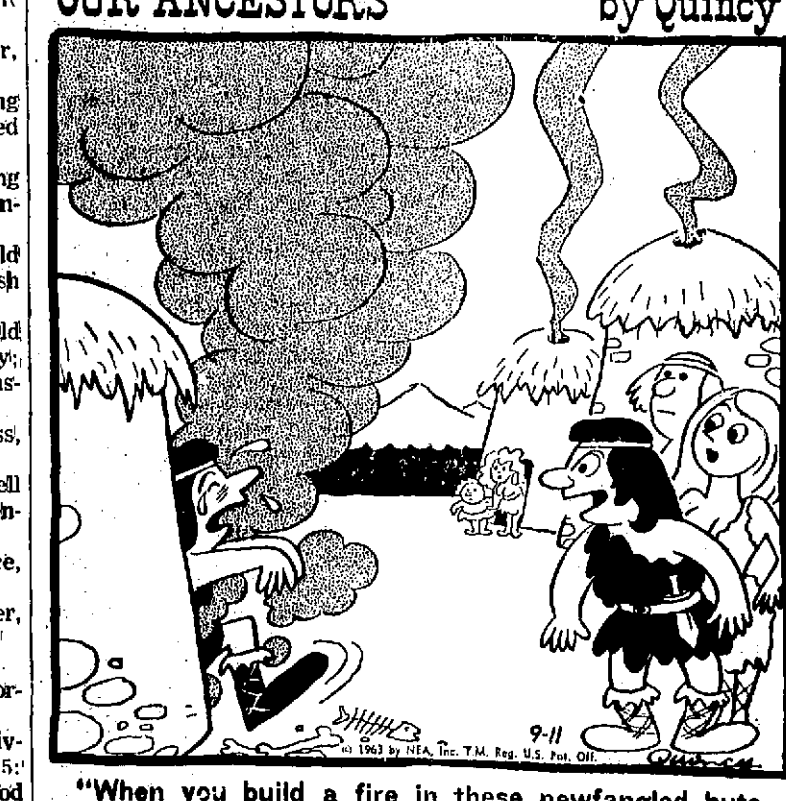

Atty. Gen. Bruce Bennett, who wrote the laws, asked for the rehearing last week.

The NAACP brought suit against the acts and claimed they were aimed at hampering its operation in Arkansas. Bennett was the chief defendant in the suit.

# Stan Adds a Record, Cards Keep Pace

By JIM BECKER

Associated, WP, N.(PORTS WR)

The remarkable Stan Musial set another major league record: Most home runs by a new grand-father 1. And the St. Louis Cardinals kept charging on.

The incredible Sandy Koufax broke his own National League strikeout mark. And the Los Angeles Dodgers stayed three games in front of the Cardinals in the National League pennant race.

Musial was up most of the night waiting for the birth of his first grandchild, then smacked a two-run homer as the Cardinals defeated the Chicago Cubs 8-0 Tuesday night for their 13th victory in 14 games.

Koufax won his 23rd game against only five losses, and he struck out nine Pittsburgh Pirates in a 4-2 victory. That gave him 276 strikeouts for the season. His old record was 269 in 1961.

The third-place Milwaukee Braves fell eight games off the pace, losing 4-3 to Cincinnati. In other NL action, the New York Mets whipped the San Francisco Giants 4-2 and the Philadelphia Phillies slugged the Houston Colts 16-0.

In the American League, Kansas City whipped the pennant-bound New York Yankees for the second straight night, 2-0. Minnesota clipped Cleveland 5-4, Baltimore edged the Chicago White Sox 2-1, the Los Angeles Angels took Boston 6-5 in 10 innings and Washington and Detroit split a doubleheader. Washington won 9-8 and Detroit 4-1.

Musial's first inning homer was all Bob Gibson needed to record his 17th victory. It followed a single by Dick Groat, just restored to the line-up after an injury, and was Musial's 11th of the year and 47th of his career.

Wally Moon hit a two-run homer in the seventh for the Dodgers to run the score to 4-0. The Pirates got their first run in the bottom of the seventh with the help of an error. Bob Clemente hit a solo homer in the eighth for the Pirates.

Hank Aaron hit his 40th and 41st home runs—tops in the majors—for the Braves, but it wasn't enough. Johnny Edwards homered for the Reds and Gordy Coleman, who also drove in a run with a double, broke a 2-2 tie with a homer in the fourth inning.

Carl Willey won his ninth game for the Mets and his third of the year over the Giants. He was working on his fifth shutout in the ninth, but Willie McCovey and Orlando Cepeda ruined it with solo homers.

The Giants set a major league mark of their own when they used three Alous in the eighth inning. The Alou brothers, Jesus, Matty and Felipe, went down 1-2-3, the

## Oklahoma City Wins First Game

SPOKANE (AP)—It took the Oklahoma City 89ers three pitchers but just one batter to edge the Spokane Indians 4-3, Tuesday night and win the opening game of a best-of-seven series for the Pacific Coast League baseball championship.

The batter was right fielder Dave Roberts, who knocked in all of Oklahoma's runs with a double in the third and a homer in the seventh.

The 89ers divided the mound duties among Dave Giusti, Jim Dickson—the winner—and Tom Borland.

Joe Moeller went the distance for Spokane.

## Sikes Still in Amateur Tournament

DES MOINES, Iowa (AP)—The 63rd U.S. Amateur Golf championship moves into two 18-hole rounds of play today that trim the original field of 200 to 16.

Among the top contenders over the 6,896-yard par 36-36-72 Wauconda Club course are Dick Sikes, former National Public Links titleist and current NCAA champion from the University of Arkansas. In the third quarter of the draw along with Billy Joe Patton, West Virginians Bill Campbell and Ed Tutwiler, and two collegians — Bob Greenwood of North Texas State and Jewell of Indiana.

Defending champion Labron Harris Jr. of Enid, Okla., heads the second bracket of the draw that also has 1960 champion Deane Berman, and three tough St. Louis players—Jim Tom Blair, Bob Cochran and Jim Jackson.

In the first bracket are George Archer, a 6-foot-6 apprentice cove-poke from Gilroy, Calif., who eliminated 1962 runner-up Downey Gray 4 and 3 Tuesday; NCAA runner-up John Lotz, a 1 up winner over former Walker Cupper Bob Gardner of Essex Fells, N.J.; and Steve Spray, the hometown favorite and small college champion at East New Mexico University the last two years.

Charlie Coe, winner in 1949 and 1958, rules the fourth quarter, where upsets hit with the suddenness of the sun through the early rain and fog on Tuesday. Falling to the sidelines were Homero Blancas, a 5 and 3 loser to Henry Timbrook, a California real estate man; 1962 British Amateur champ Dick Davies of Pasadena, Calif., spilled in a late rally by Barry Ross Mitchell of Lubbock, Tex.; and talented, young George Boutell of Phoenix, a 2 and 1 loser to Fred Gordon, a 50-year-old owner of a greenhouse at Belmont, Iowa.

first two as pinch hitters. Felipe was right fielder in the line-up.

Don Nottebart had pitched a no-hitter when he met the Phils in Houston last May 17, but he only got three men out Tuesday night. Johnny Calison collected a homer, double and two singles to pace the 17-hit attack for the Phils and the Colts contributed six errors.

Chris Short pitched the shutout, a four-hitter.

## Spring Hill Girl Joins The Marine Corp.

MISS MINNIE MAE SHAFFER OF SPRING HILL, has enlisted in Women Marines through the Marine Corps Recruiting Office in Texarkana. Miss Shaffer was sent to Parris Island, South Carolina via Commercial Airlines from Little Rock, and will begin her training today.

While at Parris Island she will receive 8 weeks of basic training which will include 107 hours of Office Procedures Course. Miss Shaffer is a graduate of Spring Hill High, and is the daughter of Mrs. J. B. Samuels of Spring Hill.

## Hope Star SPORTS

### Frogs Could Be in Thick of Things

EDITORS: This is the last in a series discussing Southwest Conference football prospects

TEXAS CHRISTIAN  
FORT WORTH (AP)—Featuring a stout defense and a tough running game, the Texas Christian Horned Frogs could be in the thick of the Southwest Conference football race.

Coach Abe Martin started the campaign with 28 lettermen, including several regulars from the squad that posted a 6-4 record and was third in the conference last fall.

"We have some problems," said Martin. "We could use more team speed and we lack experience past our top fullback, Sonny Gibbs is gone and it's tough to replace that big fellow overnight, although I feel we have four top candidates for the job in Gray Mills, Randy Howard, John Hulise and Kent Nix. One of these fellows should come through and do us a good job. I feel we will be an improved football team."

Most of the attention is being directed toward the important up-back post. Mills won a 1961 letter but played only 31 minutes last year. Howard didn't letter and saw only 15 minutes of play. Hulise was a red-shirt. Nix had a top-notch passing record with the freshmen.

Regulars returning are left tackle Joe Owens, left guard Robert Mangum, center Ken Henson, right end Tom Magoffin, left halfback Donny Smith, right halfback Jim Fauver and fullback Tommy Crutcher.

Owens and Smith, however, are not running on the first unit. Ricky Williams, fleet junior, is at the left tackle spot while the tough-running veteran Marvin Chipman is getting a crack at the left half post. Chipman was a right half-back last year.

The 210-pound Crutcher and quick-hitting Fauver are two reasons why the Frog running attack could be a good one. Crutcher is called the "finest" all-around fullback in TCU history, and has been the No. 2 rusher the past two seasons. Fauver has the speed and

### Ace Righthander Slated to Start

INDIANAPOLIS (AP)—Indianapolis Manager Rolfe Hemsley has scheduled his ace righthander, Fritz Ackley, to pitch tonight, hoping to make it three in a row over the Atlanta Crackers in the battle for the International League Governor's Cup.

Cracker Manager Harry Walker will counter with southpaw Harvey Branch.

Indianapolis overcame a 6-1 deficit and beat the Crackers 7-6 Tuesday night for a 2-0 lead in the best-of-seven series. Jim Koranda doubled in two runs in the eighth to put the Indians ahead to stay.

### Joe Perry, Old Pro, Seeks Job

By THE ASSOCIATED PRESS  
Old Joe Perry, who broke into pro football when Casey Stengel was managing at Oakland and Bob Cousy was a kid in college, is looking for a job.

The tough, 200-pound fullback who gouged almost five miles out of opposing National Football League lines, was placed on waivers Tuesday as the Baltimore Colts cut back to a mandatory 37-man roster limit for this weekend's opening games.

Perry, 36, was the all-league fullback in 1953 and 1954 when he led the NFL in rushing. He got into 11 games and carried 94 times for 359 yards for the Colts last season.

The Colts acquired another veteran in place-kicking specialist Jim Martin, who was picked up from Detroit in a trade for a high draft choice.

Other veterans involved in last-day maneuvering included longtime Canadian quarterback Sam Etcheverry, signed by the San Francisco 49ers; San Francisco guard Mike Magac, placed on the injured waiver list; and Dallas defensive back Jerry Norton and fullback Matt Hammeck, and Philadelphia tackle Jim McCusker, all placed on waivers.

Most of the other players involved in the final cuts were rookies or second-year men. The

quicksters to be a breakaway threat.

Crutcher will team with Mangum at linebacker and the splendid pair could form the best set in the league. The 230-pound Henson is a superb blocker, while the 6-4 Magoffin shared the league pass-receiving crown despite missing the final two games with an injury.

Others expected to nail down starting spots up front are Lynn Morrison, left end; Steve Garmon, right guard, and Jim Fox, right tackle. Morrison is the team captain and after a second knee operation last spring, seems headed for his best year. Garmon is a solid all-around performer, while the nifty Fox is the best tackle on the squad.

Defensively, the Frogs look tough. The entire secondary returns, sparked by safeyman Jerry Terrell. The little senior had an outstanding spring training.

The kicking game has time-proven end Garry Thomas one of the 1962 top punters returns. But the Frogs were bombed several times with long punt returns during 1962.

The Frogs could have a fine season. Whether they have enough talent to win it all, time will tell.

## Broyles Decries the Lack of Leadership

FAYETTEVILLE, Ark. (AP)—

Goal line defense got a going over Tuesday in the University of Arkansas football camp and coach Frank Broyles decried the lack of leadership and enthusiasm on the part of his seniors.

"I hate to say they improved any because it wasn't enough," Broyles said. "But they tried harder."

Tommy Brasher, a senior line-backer touted as an All-America candidate, and Mike Hales, an outstanding junior line-backer-guard took part in non-contact work Tuesday wearing elaborate elastic-and-tape braces on their injured knees.

"The reason for practice is to improve," Broyles said. "But I just can't seem to get that over to this squad."

The Razorbacks' opening-season game is less than two weeks away—Sept. 21 in Little Rock against Oklahoma State University.

Quarterback candidate Freddy Marshall, suffering with a knee injury, is to rejoin practice today.

## KC Knocks Off Yanks, Twins Go Into Second

By MIKE RATHET  
Associated Press Sports Writer

Bo Belinsky is back among the Angels.

They didn't carry him off the field at Los Angeles with leis dripping from his shoulders Tuesday night, but then he wasn't around when the Angels finally defeated Boston 6-5 in 10 innings.

Belinsky left in the ninth inning when the Red Sox started to connect. He allowed eight hits struck out four and walked none before he left.

Belinsky, who pitched a no-hitter for Los Angeles last year, was farmed out to Hawaii after compiling a 1-7 record, a 6.39 earned run average and a remarkable record for getting into trouble. He won four of five decisions with Hawaii.

The Kansas City Athletics knocked off the first-place New York Yankees for the second night in a row, 2-0. Minnesota regained second place as Bob Allison hit two homers in a 5-4 decision over Minnesota, Baltimore knocked Chicago into third by beating the White Sox 2-1 and Detroit and Washington split.

The Senators won 9-8 before the Tigers took the nightcap 4-1.

The National League-leading Los Angeles Dodgers defeated Pittsburgh 4-2. St. Louis remained three games behind by walling the Chicago Cubs 8-0. Cincinnati edged Milwaukee 4-3. Philadelphia crushed Houston 16-0 and the New York Mets downed San Francisco 4-2.

Belinsky went into the ninth with a 5-1 lead, having allowed only six hits—one Dick Stuart's 38th homer that gave him the AL lead in that department. But when the first two men bopped Bo for singles, he was relieved. The Red Sox then pushed across four runs to tie it. The Angels won in the 10th when Lee Thomas cracked a bases-loaded single.

The Yankees' Ralph Terry, 16-14, and Diego Segui of the A's, were locked in a scoreless battle until the eighth when Charley Lau rapped a two-run double. Segui, who had allowed only a fifth-inning single by Elston Howard until the eighth, needed relief help from Ted Bowsfield and John Wyatt before he won it.

The Twins came from behind as Allison slammed a pair of two-run homers, his 34th and 35th of the season. Gerry Arrigo, recently recalled from the minors, shut out the Indians over the final five innings for his first major league victory.

Catcher John Orsino collected a single, double and triple as the Orioles edged the White Sox. Milt Pappas pitched the first six innings but left when his arm stiffened and Dick Hall and Stu Miller finished up.

Minnie Mincso batted in three runs for the Senators in the opener, including the winning run in the eighth inning. Bubba Phillips homered for the Tigers in the nightcap. Phillips and Norm Cash, who homered for Detroit in the opener, each had five hits for the doubleheader.

Britishers Don't Impress Sonny Liston

LONDON (AP)—Heavyweight champion Sonny Liston is none too impressed with two of Britain's brightest young boxing prospects.

"They both need to learn a lot," Liston said after watching them in action Tuesday night.

"I wouldn't like to fight either of them if I want to sleep at night."

Liston boxed three rounds of exhibition at Wembley Indoor Stadium with his sparring partner, Fco Cox of Denver, and skipped to the tune of "Night Train," before a sellout crowd of 11,000.

He made a quick trip to his dressing room, then returned to watch Billy Walker of London stop Johnny Prescott of Birmingham in the 10th and final round of their heavyweight bout.

Walker, 22, suffered the first serious cut of his 20-fight career, but went on to batter Prescott in the final rounds. It was stopped in the 10th after Prescott had taken an eight-count knockdown.

Asked whether his next opponent is likely to be Cassius Clay or former world champion Ingemar Johansson, Liston replied:

"It don't really matter. I wouldn't make any difference."

There are more than 100 miles of good trout fishing waters in Arkansas.

inels, shut out Chicago Cubs 8-0 on six hits, also hit three-run homer as second-place St. Louis won 13th in 14 games and remained three games behind National League leading Los Angeles.

BATTING—Wally Moon, Dodgers, hit two-run seventh inning homer that proved decisive in 4-2 triumph over Pittsburgh that kept Dodgers lead at three games over Cardinals.

## Coaches Are Guests of Kiwanians

Coach Ben Burton was guest speaker Tuesday before Hope Kiwanis club, completing the round of appearance before civic clubs of this city. Assistant Coaches Frank Francis and Glen Ballard were also guests.

Coach Burton talked of the coaching profession on the high school level, the importance of development of character, responsibility, morals, physical and mental development.

"I would not be in the profession today if football only meant the plotting of offense, defense and strategy," the coach pointed out. To me, the game of football means far more than that.

"In 13 years of coaching, I have found that my best teams are the ones with boys of good character, and I consider this vital in helping to prepare our youth for tomorrow."

Somewhat dismayed over the opening loss to Texarkana last week, Coach Burton reported that the Bobcats' spirit was now better and he believed the team capable of playing an improved brand of football.

The team goes to Morrilton this Friday. Other guests included: The Rev. Raymond Franks, pastor of First Methodist church; Millard Ball, and Paul Klipsch.

Already Planning 1980 Trip to Mars  
DENVER, Colo. (AP)—A five-man expedition to Mars sometime in the 1980s is under study.

Elliot C. Payson, chief of advanced design for the Martin-Marietta Corp., said the trip to Mars would take 269 days. The space crew would remain there 455 days before returning.

"We thing there is life on Mars, but it is a very primitive type," Payson said in a speech Tuesday.
